

# CASS BOSS LADY

Hi my name is Cassandra Nelson (Cass), My journey began in my early twenty's, I was offered a job at a tattoo shop in Rockford where I began body piercing & tattooing. I've continued my career over the last decade, and now I'm an educator, for the PMU collab as a body art specialist. I've taught and trained several individuals in this industry over the years because I enjoy teaching people a different skill trade. I'm co-owner of Skin Deep Studio, which is a multiple award winning studio. I also am a multiple award winning artist, sponsored by Tatty Stick and Ink Envy and published in Skin Art Magazine. My future goals are to continue learning & growing as an artist and business owner. I plan to expand my knowledge in tattooing & body piercing modifications. My favorite tattoo styles are realistic black and gray with a splash of color, custom watercolor designs, script lettering and coverup tattoos. I love to help my customers look and feel confident in the skin their in.
